

Objective:

To work with an organisation as a subject matter expert and utilize my experience and skills to further its goals, in the process growing personally and professionally.

Areas of Strength:

- ✓ Commendable subject knowledge in Mathematics and Physics.
- ✓ Passionate about teaching with learner centric approach.
- ✓ Consistent analysis and review of academic performance and further revision of study plans
- ✓ Good administrative and management skills.
- ✓ Excellent communication skills.
- ✓ Relationship handling and good presentation skills.
- ✓ Good understanding of US English and Culture gained by living there for over five years and handling students on online platforms .
- ✓ Effective utilisation of resources and execution of lessons on online platforms.
- ✓ Effective management of virtual classrooms.

Major Accomplishments:

- ✓ Wore various hats, showed excellence and rose from the position of a Kindergarten teacher to that of the Vice Principal in a span of 2 years – managing a team of 30 teachers.
- ✓ Converted 70% of enquiries (approximately 600 out of 860) in to admissions.
- ✓ Was the first point of contact for parents – be it an academic issue or an administrative one.
- ✓ Streamlined the school's working procedures and ensured smooth operation – spanning a range of activities (for example, procedures for pickup/drop of school students, distribution of books/uniforms, schedule, discussions and follow-up of Parent Teacher Meetings etc.,)
- ✓ Played a pivotal role in converting management goals into execution (example: converted the “Put Parent First” goal of Management into a code of conduct for various roles that would interact with parents – starting from the watchman to the Principal and then oversaw its implementation)
- ✓ Lead the team responsible for maintaining administrative records, leading to smooth sailing during the CBSE affiliation process.
- ✓ Conceived, Designed and Created monthly newsletters that has become an

important component in showcasing the talents/achievements of the school.
